ARMS

AARKI

Versatile mounting solution

Tehomet offers an exceptional solution for floodlighting with the Aarki upright arm, designed for maximum versatility. The Aarki arm can accommodate a wide range of luminaires, allowing flexible and adaptable lighting designs.

When paired with the Siipi floodlight adapter, luminaires can be tilted up to 40 degrees to achieve the desired lighting angle.

The Aarki upright arm is available in both square and round versions, with standard heights of 1 meter, 1.5 meters, and 2 meters.

This flexibility ensures that the lighting system can be tailored to meet the specific requirements of any project.

ARMS SUITABILITY

Pole	Merganser	Gull	Tikka	Seka	Swallow	Aarki
IVALO	X	X	X			X
KEVO	X	X	X			X
KOLI	X	X	X		X	X
OLAVI	X	X	X			X
